

ANNUAL WINTER PARTY

The Annual Winter Party is always an evening to remember. It is held on the first Saturday in January while the Christmas fever is still prevalent. We gather at the home of one of our members (on all occasions except for two, Eureka Bynoe's) for a potluck dinner.

The event is coordinated by Irvin Knight and attracts over fifty members and friends.

The ever popular gift exchange is structured so that participants, after drawing lots, choose gifts from under the Christmas tree. The person, whose turn it is to choose, may "steal" a gift that's already been selected by a previous participant or opt for a brand new gift from under the tree. The single rule is that only one "steal" is allowed per round meaning that the person from whom a gift is "stolen" cannot in turn "steal" another gift. He/she must choose a new gift from under the tree.

It is not uncommon for some guests to break out in song.

Others engage in games of dominoes.

Recently, karaoke was added to the festivities.
